CONGRESS OPENS AT NOON TODAY

MANY FOREIGN AND DOMESTIC PROBLEMS ARE TO BE SOLVED.

UNCERTAIN TO TREATY

Republicans are Completely in Control —Domestic Problems to Come Up First.

Washington, April 11.—The extraordinary session of the new sixty-seventh congress was under way at noon today. At that hour the descending gavel of Vice President Coolidge in the senate and Speaker Gillett in the house called the members to order and ushered in the new session. Both houses immediately began routine work of organization and ratification of committee appointments. Speaker Gillett was re elected in the house.

President Harding's message is to be delivered tomorrow.

Washington, April 11.—Confronted with an array of problems, both foreign and domestic, so monumental as to be almost staggering to contemplate, the new Sixty-seventh Congress assembled here in extraordinary session at noon to-day in response to the call of the new President.

Seldom has an American Congress been faced at the outset with such an imposing number of vital questions to thresh out as faced the new Sixty-seventh today. The course of American history for years to come may be pointed out by some of the decisions which the new Congress, in conjunction with the new administration, will be called upon to make in foreign and domestic affairs.

The decisions to be made will be Republican decisions wholly. For the first time in eight years a Republican President sits in the administrative saddle at the opening of Congress and for the first time since 1918 the administrative and legislative branches of the Government are in political accord. Party government has come back to Washington.

Republicans Are The Masters.

The Republicans are completely in control. The Senate is composed of 57 Republicans and 39 Democrats, giving a Republican majority of 22 votes. The House is composed of 301 Republicans, 131 Democrats, 1 Socialist, and there are two vacancies, providing a Republican majority of 170 votes. The majorities are so large that some keen political students predict they will prove unwieldy, and embarrassing to the leaders.

It is the confident expectation of the leaders that the new Congress will concern itself at first with some of the most pressing of the domestic problems, such as tariff, taxation and the serious condition which the railroads have gotten into since their return to private hands.

President Harding has been a consistent advocate, both before and since he became President, of putting our own house in order" before attempting to unravel the tangled skein of foreign questions bequeathed the new Administration by the old. He has been supported in this view by a ma-

TO DISCUSS ROAD LEGISLATION

TOWNSHIP MEETINGS TO BE HELD ON SATURDAY, APRIL 16.

COUNTY MEETING APR. 19

Representative Miller is Wanting Expression of the People as To Their Desire in Road Measure.

Representative Jesse Miller has requested a meeting of the citizens of each township be held on Saturday, April 16, for the purpose of discussing legislation incident to the 60 million dollar road bond proposal and to select five representative citizens to represent that township in a meeting to be held in Maryville on Tuesday, April 19. Representative Miller is anxious to get the fullest possible expression of the people of the county as to what is their desire and the method to pursue as to road legislation.

In a statement issued today, Representative Miller says:

To the people of Nodaway County:

As you know, the legislation will be called in special session about May 1st for the consideration of legislation incident to the 60 million dollar road bond proposal. This is a matter in which every citizen of this state is vitally interested and as your representative I need all the help I can get in arriving at a conclusion as to what is the desire of the people of this County and what is the best method to pursue. To this end, I am anxious to get the fullest possible expression of the people. How to get this expression of opinion is a matter that I have given serious consideration and is occurs to me that it will be wise and that much good may come from a meeting of the representative citizens of this County where a free, open expression of opinion may be indulged in.

In order that the meeting may be thoroughly representative, I have asked the Township Trustee of each Township in the County to call together the citizens of his Township at their usual place of meeting on Saturday, April 16th, 1921, and then and there select five representative citizens, men who are alive to the best interests of the County, to represent that Township in a meeting to be held in Maryville on Tuesday, April 19th, 1921.

I trust the people will attend these Township meetings and interest themselves in the selection of the delegates referred to, that I may be aided in the work before me by the wisest and best counsel to be obtained and that directly from the people themselves.

EX EMPRESS AUGUSTA VICTORIA DIES TODAY

Former Kaiserin Had Been Ailing Greatly During the War—Was 63 Years Old.

Doorn, Holland, April 11.—Ex-Empress Augusta Victoria of Germany died at Doorn Castle early today after a long illness. The funeral services will be held at Potsdam. The Former Kaiser and Prince Adalbert, the youngest son, were at the bedside when the end came. Bells tolling in church steeples announced her death to the public.

The former Kaiserin had been ailing greatly during the war. The fate that overtook the reigning family and especially her husband's and her own exile, had the effect of so preying on her mind that her heart became affected. She had a stroke of heart failure on November 17, since when her condition became practically hopeless. She grew weaker and weaker. Her earnest request was that she be buried in Germany.

Augusta Victoria was sixty-three years old and came of one of the collateral branches of the Hapsburgs of Austria, and was grand niece by marriage of the late Queen Victoria of Great Britian.

The Kaiser, six sons and a daughter survive her.

It has been said by diplomats and attendants at the court of Berlin that the character of Empress Victoria was all that saved her husband's war-crazed mind from lapsing into a state of insanity. After the ex-Kaiser abdicated the throne and sought refuge in Holland Empress Victoria constantly visited him at Amerogen, and finally went to live at Doorn, in Holland, when he removed thither.

Jack Holt spent Sunday visiting in Kansas City.

CONFERENCE CLOSES ON SUNDAY NIGHT

238 YOUNG PEOPLE ENROLL FOR 3 DAYS' MEETING.

GALEN TURNER, PRES.

He and Miss Ruth Bookman Named Delegates to Lake Geneva Gathering This Summer

The Older Boys and Girls Council of the Nodaway County Sunday School Association which was in session here Friday, Saturday and Sunday, closed last night with a union service for the young folk at the First Baptist church. A group of young folk ushered. The choir was made up of young folk from the different churches while the newly elected president of the council, Galen Turner of Hopkins, presided. Miss Lottie Mae Bose spoke on the four fold life, the social, religious, mental and physical. Sterling Williams gave an inspirational talk reviewing the conference and emphasizing the necessity of preparedness. These conferences are held that the young folk may be prepared to serve their own communities in larger ways.

Choose Meeting Place.

It was announced yesterday that 238 young persons had enrolled for this meeting. Galen Turner and Miss Ruth Bookman were elected delegates to the Lake Geneva Sunday School conference this summer. The next year's meeting of the young people's council will be held at Burlington Junction in the spring.

Officers Elected.

The general officers elected at the business session are as follows: Girls—president, Miss Ruth Bookman; vice-president, Miss Mary Crowson; secretary, Miss Mabel Raines; boys—President, Galen Turner, vice-president, Lee Meek, secretary, William Curl; treasurer for both boys and girls, Conrad Blackman.

A demonstration of a young people's department was held Sunday morning at the high school auditorium. Sterling Williams had charge of the demonstration and was assisted by Miss Lottie Mae Bose, Miss Fannie Hope, C. G. Steinsmeyer, and H. F. Swinehart.

Stunts Saturday Night.

The "Stunt Night" of the Older Boys and Girls Conference was pulled off in rushing style at the Baptist church Saturday night. The braves, as the delegates were called held their conference and everyone who was guilty of any misdemeanor was brought up and made to do a stunt. These ranged all the way from singing a song to having rooster fights. For instance Miss Ruth Miller was found guilty of eating two dishes of ice cream at the banquet and as a penalty was forced to give a reading. Galen Turner, the president-elect of the conference, had to sing a song. His selection was entitled "Dear Old Spittoon." A company of girls composed of Miss Mabel Raines, Miss Ruth Miller, Miss Ruth Houchens, Miss Margaret Dietz and Miss Matie Price sang a selection entitled, "I'm a nut, a nut, a nut."

All in all everybody voted the evening to be well spent.

Day Ended Well.

This was, perhaps, the most enjoyable time of the conference As the other meetings of Saturday were a success it was a successful ending to a perfect day.

The delegates had a weiner roast at the college at 6 o'clock Saturday afternoon. A big feed was in evidence at the beginning, but it was hard to find a morsel at the close so everybody must have brought his appetite along with him. The crowd left the college campus about 7 o'clock to prepare for the stunts of the evening.

BERT MARTIN CASE IN COURT TODAY

CHARGED WITH SELLING CORN WHISKY LAST DECEMBER.

L. V. PARKER ACQUITTED

Conception Junction Man Found Not Guilty by Jury—Other Proceedings of the Court.

The case of Bert Martin (colored) on a charge of unlawful sale of intoxicating liquor started in circuit court this afternoon. George Schneider, the prosecuting witness, testified he purchased a pint of whisky from Martin about Christmas time last year and paid him $6 for it. He said it was corn whisky. The jury hearing the case is composed of Charles Talbott, N. H. Key, Jack DeFreece, J. B. Bratcher, George Hantz, Mike Baker, J. J. Heifner, Fred Diss, Abe Williams, James Blagg, W. R. Hughes, J. W. Thompson.

The case of the State against L. E. Parker on a charge of malicious destruction of electrical equipment was being tried in circuit court today. Parker is charged with shooting and destroying a street light in Conception Junction on the night of December 31 with a shotgun. The jury hearing the case is composed of C. D. Nicholas, Frank Dinsmore, John Wallace, Floyd VanVelsen, J. H. Carmichael, Joseph Reece, Joseph Meyer, Gene Humphrey, Paul Laipele, J. R. O'Neal, John Appleby and Frank Wallace.

Parker was found not guilty by the jury after being out a few minutes.

The jury brought in a verdict for the City of Maryville in the damage case of Dave Farris against the city late Saturday afternoon. The jury was out about fifteen minutes. Farris was suing for $10,000 damages as a result of falling on the sidewalk and into a basement stairway at the corner of Third and Market streets.

The railroad damage cases of Paul and Robert Bonar against the Wabash railroad is set for Wednesday, April 13.

A motion for a new trial was filed by the defendant in the case of Herndon & Thorp against William Fannon.

The case of Evelyn Martin, by next friend, against Joseph J. Enis for damages is set for April 25. The case of the Iowa Stock Remedy Company against Edward Allen is set for April 26. The case of Shull & Shipps Abs. Co., against Ezra T. Reisner, guardian of Charles N. Hassler, appeal from probate, is set for April 25. The case of William H. Walker against Howard B. Beck is set for April 27.

The case of Fannie Koppin and Bernice Koppin vs. Clem Meyers on charge of trespass was continued by agreement.

The cases of the State against Victor Wilcox, for carrying concealed weapons; Edward Dobbins for disturbing the peace; and Elmer Reynolds for burglary and larceny were continued by agreement.

Sheriff Roach was appointed by the court as probation officer.

NEW CITY OFFICIALS SWORN IN TODAY

F. P. ROBINSON BEGINS TERM AS MAYOR THIS MORNING.

APPOINTMENTS MADE

Garrett Leaves City in Good Condition Financially—Grateful for Support of People.

The newly elected city officials took office this morning. F. P. Robinson was sworn in as mayor, while C. F. Remus and H. H Mutz were sworn in as commissioners.

The appointments made by Mayor Robinson and confirmed by the councilmen are as follows: City clerk, Miss Ola Smith; city marshall, Eph Tilton; fire chief, Burt Rowley; fire driver, Claude Stults; city attorney, T. A. Cummins. The night policeman, sexton, city treasurer, city physician and police judge have not been named.

Mayor Robinson had work to do as soon as he took office this morning. A break in the water main between the river and the city was causing considerable leakage of water. Men were hastened to repair the break as soon as they could be found.

W. O. Garrett, who turned the city key over to the newly elected mayor, will have an office temporarily at the Tribune building. In finishing his term Mayor Garrett said: "I feel grateful to the people of Maryville for the support that they have given me during my administration. The newspapers, the Chamber of Commerce and other organizations have helped in many ways. I appreciate their help and support."

The finances of the city are in a much better condition than they were two years ago when Mayor Garrett took office. His most conspicuous service to the city has been the installing of an adequate water system. The plant is sufficiently equipped, and modern enough for the fire insurance rates to be lowered after an inspection made by the state bureau.

Two years ago there was a balance of $3,071.31 in the general fund while the balance in the general fund for the end of the term is $4,810.95. The balance on hand in the street fund was $361.83 two years ago, while it is $1,987.06 now. The balance in the light fund two years ago was $1,350.25, while the balance in the lighting fund at the close of the term is $5,234.60.

In the last two years more than $9,300 of the old debt has been paid besides money for the general running expenses.

LARGEST CIRCULATION IN NODAWAY COUNTY

20 BULLS SOLD IN SATURDAY SALE BY FARM BUREAU

Brought $1690.50—Good Crowd Attended—Talks Made By Catts, Kinnaird, Bellows.

Twenty head of thoroughbred bulls were sold Saturday, at Gray's pavilion at the first of the "Better Bulls Sales" to held in the county. The twenty head brought a total of $1690.50 or an average of $84.50. A good crowd attended the sales and much interest in the campaign was in evidence among the farmers and breeders. Geo. Catts of Kansas City, agricultural commissioner of the Chamber of Commerce in the state and Roy Kinnaird, county agent and C. D. Bellows and W. A. Berg, breeders, made short talks, showing why a thoroughbred bull would make more money for the farmer, than the grade, or scrub sire.

The following are the seven buyers that were not listed in this paper up to press time Saturday:

Raymond Sultan 949693, bred and owned by Fred Suetterlin, Graham, sold to Geo. Masters, for $97.50.

Lancaster Boy, bred and owned by Fred Suetterlin, Graham sold to Homer Worl, Maryville for $80.

Banff Sultan 890138, bred and owned Wm. Espey, Maryville sold to Bert Warren, Hopkins for $100.

Roan Royal, bred and owned by Wm. Espy, Maryville sold to O. E. Keever, Maryville for $70.50.

Red Monarch, bred and owned by F. E. Scott, Maryville sold to Willis Ellsworth for $80.

Ada's Pride, bred and owned by E. F. Scott, Maryville, sold to W. C. Hogan, Maryville for $77.50.

A not named bull, bred by T. F. Payne & Son, Farrell and owned by Hosmer & Phares, Maryville sold to J. B. Shinabarger for $55.

Miss Hoffman Leaves.

Miss Dale Hoffman left Saturday for Washington, D. C., after spending a twenty days' vacation in Missouri. Miss Hoffman visited in Maryville with her sisters, Helen and Virginia Belle Dean, and her grandmother, Mrs. John H. Steele. Mrs. Steele and Miss Hoffman visited a part of last week at Shenandoah, Ia., with Mrs. Steele's daughter, Mrs. Frank Welch.

Miss Pearl Moser of Worth, Mo., spent the week end in Maryville a guest at the home of Miss Marie Wright.

CONGRESS OPENS TODAY

(Continued from Page One.)

jority of the legislative leaders.

Treaty Policy Uncertain.

However, the job of getting at foreign relations cannot long be delayed. The armistice that ended the greatest war in all history was signed exactly twenty-nine months ago to-day, and the United States still is at war with Germany and Austria. The treaty of Versailles that followed remains unratified, its future uncertain, with all of Europe's eyes turned on Washington. Whether the new President will resubmit the treaty which Woodrow Wilson presented and which was rejected, remains for the future to determine. It is the general belief that he will not, or if he does it will be insuch an amended and emasculated form as to be hardly recognizable as the same document which Woodrow Wilson brought back from Paris.

The task confronting the new Congress is monumental. In the House there are nearly 100 members who have had practically no legislative experience. The Senate is somewhat better off, for the "babies" there are men who are more or less familiar already with the grinding of legislative machinery.

Here are some of the more important matters which will engage the attention of this new Congress:

Foreign

Peace with Germany—whether by ratification of the Treaty of Versailles in an amended form, or by passage of the Knox resolution declaring merely that the state of war between the United States and Germany is ended.

Peace with Austria by similar action.

The entrance or non-entrance of the United States into the League of Nations now existing, or an Association of Nations built along new lines, or remaining completely aloof from any form of international association.

Ratification of the Colombian Treaty over which there promises to be a sharp fight.

Adjustment of the $10,000,000,000 which foreign governments owe the United States and on which they have as yet made no interest payments.

International reduction of armament.

Recognition of Mexico and the formation of a Mexican policy.

Recognition of Soviet Russia and the resumption of trade relations which has so far been refused to Moscow by the new administration.

Cuban Intervention Issue.

Settlement of Cuba's disordered international affairs, involving a possibility of American intervention.

Settlement of many international questions arising out of the war and the ensuing peace, including the question of mandates and the right of the United States to share in the former German cables.

The proposed barring of Japanese immigrants by Federal statute in place of the so-called "gentleman's agreement," which Californians contend is of little value.

Domestic

Revision of the entire present system of taxation.

Revision of the present tariff upward to shut off foreign nations from dumping their cheaply manufactured goods in American markets.

Formation of a new railroad program, which will be preceded by a Senatorial investigation of the entire railroad industry.

Relief for the farmers, which probably will be effected principally through tariff revision, the passage of an anti dumping measure, and increased credit facilities to agriculturists.

Relief for veterans of the World War, either through adjusted compensation and vocational and educational advantages or both. A civilian committee is now engaged in working out a program under the direction of President Harding which is hoped to provide the basis for soldier legislation.

Packer legislation.

Reappointment of the House under the new 1920 census.

More stringent immigration regulations.

Methods of controlling the coal industry.

Reorganization of governmental departments.

Infancy and maternity relief legislation.

More rigid supervision of cold storage plants and produce exchanges.

Appropriations.

These are only a portion of the great mass of things which the new Congress will have to consider. Any one of them is prolific of trouble. Any one of them is liable to plunge the Congress into prolonged debate and tie up the wheels for weeks. The discords and enmities developed during the late campaign may become more apparent as the new Congress gets into its stride.

"Iron Hand" to Be Felt

It is not unlikely, however, that the "iron hand" will be more in evidence during the forthcoming session than in any recent years. The large Republican majorities in both houses will make it easier for the party leaders to enforce dicipline than it was when they had but a majority of a few votes in the Senate and a proportionately small majority in the House.

The leaders also are keenly cognizant that the party is in full control now and that the record which it makes during the next two years is going to have a far-reaching effect on the Congressional elections of 1922. Some Republican leaders privately admit that their hopes of keeping control of the House and Senate during the last two years of the Harding Administration depends upon the record that is made during the next two years. They realize the need for haste and accomplishment, and that realization may make for a cracking of the party whip when barriers are reached.

Action Awaits Harding's Lead.

Little effort will be made to get really started at the huge tasks ahead until President Harding has transmitted his message, which is expected to point the way to a general program of accomplishment. The first few days will be given over to getting organized. The Senate is better off in this respect than is the House, as the upper chamber was in session for a week after March 4 confirming appointments and disposing of the routine matters that come up with a change of administration.

Miss Olive DeLuce will go to New Hampton Wednesday to make a talk to the seniors on the advantages of the work offered at the State Teachers College here.

Fordson

"THE FORDSON AT WORK"

A mighty valuable booklet just issued by the Ford Motor Company. It is yours for the asking. Drop in and get one or drop a card or letter and we will mail you a copy free.

This book is not what the Ford Motor Company has to say about the Fordson Tractor, but what the tens of thousands of users have to say. Get the book! It is yours for the asking. Keep in mind the fact that behind every Fordson Tractor are all the resources of the great Ford Motor Company, likewise that reliable "Ford After-Service" which assures the keeping of the Tractor in working order every day in the year. Remember also that the Fordson Tractor, like the Ford car, is simplicity itself in design and construction; easy to understand and easy to operate. Come in and let us tell you more about it. It is more important to the farmer today than anything else.

The Age of Machine Power on the Farm is no longer a matter of speculation; it is here—an established fact. It is the latest advanced step civilization has taken. It comes to the farmer with the full promise to life the great burden of drudgery and wearisome, wearing-out toil from the muscles of man and carrying them with much more profit by power of machinery, with the result that large production, more comfort and greater wealth will come to the farm homes wherever the Fordson is employed. Come in and talk it over.

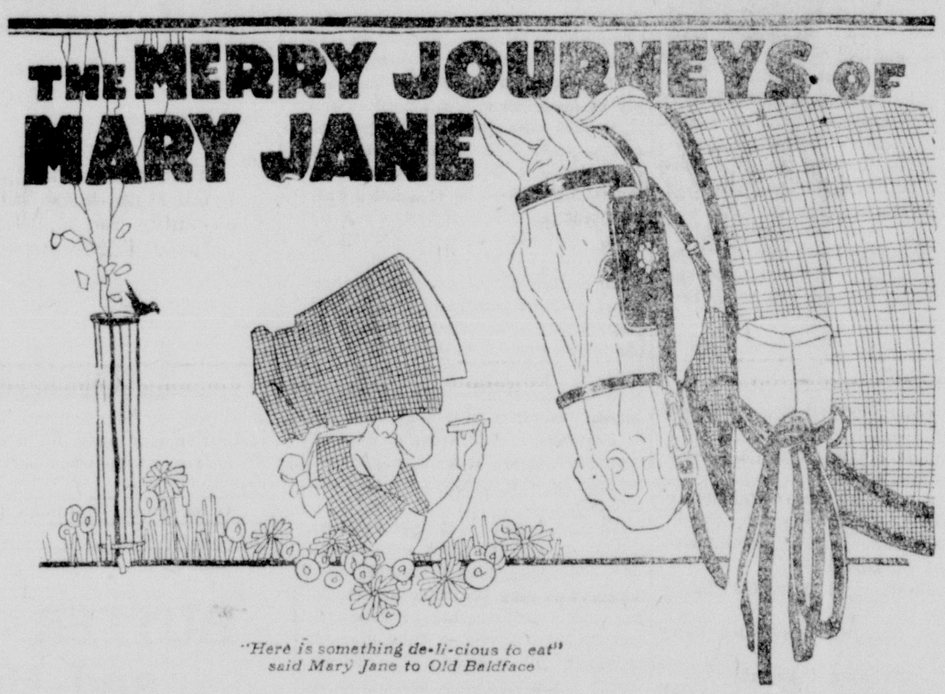
THE MERRY JOURNEYS OF MARY JANE



"Here is something de-li-cious to eat" said Mary Jane to Old Baldface

Mary Jane and Old Baldface the Horse

ONE day the doctor came to see Mary Jane's mother and tied Old Baldface, his horse, up to the hitching post in front of the house. Mary Jane and Baldface were old friends, because he was with the doctor the night the stork brought Mary Jane in the big wicker basket. So Old Baldy said:

"Have you anything good to eat left over from lunch?" And Mary said, "We had some wonderful, delicious corn bread for lunch—you wait here and I'll get you a piece."

Mary went into the house and spread a great big piece of corn bread with Mary Jane Syrup, for nothing in the world ever tasted better to Old Baldy than corn bread and Mary Jane Syrup. She brought a piece for herself too, and so they had lunch together and sat there and visited until the doctor came out.

Baldy told the doctor that Mary Jane was the best friend he had anyway, because nobody every gave him anything so delicious in all his life as that spread of corn bread with Mary Jane Syrup.

The doctor told Baldy that everybody ought to know about this, and it made people healthy, strong and ruddy—whether they were little girls and boys like Mary Jane and her brother Bobby, or whether they were grownups, like Mary Jane's mamma and papa and Grandma Susan.

THREAD-RUBBER Willard STORAGE BATTERY INSULATION

Which Battery?

You won't be satisfied with a car unless you are satisfied with the battery.

The Willard Threaded Rubber Battery not only gives the right service to begin with, but keeps on giving it, and actually outlasts the battery plates.

The plates are *insulated*—not merely separated. And the Threaded Rubber Insulation neither warps, cracks, nor punctures, because unlike wood separators, it is not affected by battery acid.

Drive around. Ask questions. We give authorized Willard Service.

30 POSTERS SUBMITTED IN TUBERCULOSIS CONTEST

Thirty posters from children in the schools of the northwest district have been submitted in the poster campaign of the tuberculosis association to the art department of the State Teachers College here, according to Miss Olive DeLace, instructor in art at the college.

These posters have been judged and will be sent to the state headquarters in St. Louis for their criticisms and the decision announced from there.

When the tuberculosis campaign was put on in the fall all of the children in the schools were urged to make health posters and exhibit them and send them in to compete for the prize.

Each school was supposed to select the best and send only those to the teachers' college in the district. At the Teachers College the best ones were to be chosen and sent to headquarters.

Some of the best ones are on exhibit at the Hotchkin book store and will be left there for several days before being sent on.

COMMITTEE BUSY GETTING CARS

AUTOMOBILES WILL BE ON MAIN STREET NEAR COURTHOUSE

TICKETS INCREASED 300

Calls Have Come In This Morning From County Towns For Reservations

The transportation committee of the Chamber of Commerce composed of Fred Diss and Earl Barmann began getting busy early this morning on transportation for the banquet Tuesday night. Cars and busses will be down on Main Street near the Courthouse square about 6 o'clock to take the guests to the State Teachers College, where the banquet will be held.

So many calls have come in for reservations, that the tickets have been increased to 300. A number of tickets have been taken by persons not members of the Chamber of Commerce. Persons from the towns out in the county have been calling over the telephone this morning asking for reservations.

Plans for the banquet are about complete. The banquet will be served in the library while the secretary's report will be made in the college auditorium.

APRIL CROP REPORT FOR NODAWAY COUNTY

Reported Winter Wheat At 90 Percent, Rye 92, Farm Labor Demands 93.

Jefferson City April 11—The farmers in Nodaway County on the first of April reported the April, 1921, conditions of wheat at 90 percent; rye 92 percent. The number of brood sows is 110 percent of last April. The supply of farm labor is 112 percent and farm labor demands are 93 percent of last year. The percent of the oat crop seeded is 98, and 60 percent of the spring plowing is completed. Pasture rent per month for cows is $1.75 each, and for two-year old steers $1.75

Missouri is 93 percent normal compared to 70 percent last year and 103 percent two years ago, according to the joint report of E. A. Logan, Agricultural Statistician of the U. S. Bureau of Crop Estimates, and Jewell Mayes, Secretary of the State Board of Agriculture, indicating a yeild of fourteen bushels per acre or 39,480,000 bushels on the 2,820,000 acres sown last fall.

Missouri wheat is 25 points above last April, and compares more nearly with conditions three years ago. The winter was very favorable to growth, and the warm weather of February and March induced a rank growth in nearly all sections. The Easter freeze set wheat back practically to the condition of March 1st, scorching the top growth, also killing plant jointing, but with favorable weather from now on the final yeild will not be seriously reduced.

Hessian fly in wheat has been reported in most sections of the state, particularly in Linn, Scotland, Ralls, Miller, Phelps, Morgan, Cole, Boone and Montgomery counties. Chinch bugs are present in Ralls, Pike, Lewis Audrian, St. Clair, Miller, Montgomery, Jefferson, Franklin and Lawrenc, and a "green louse" or "bug" has appeared in Polk, Newton, Jasper, Howard, Marnes, Green, Franklin and Lawrence. A few points in the southwest and southeast have been damaged by overflow. The condition is best in the northeastern and central portions, and poorest in the southwest. The abandoned acreage will be small this year.

Fruit prospects suffered a slashing loss from the Easter storm, with destruction of peaches and plums, slightly less damage to pears, and a very heavy loss to apples in the southwestern commercial districts. Strawberries in the shipping sections are reported 25 percent to 80 per cent destroyed, although recovery is noted. Severe losses occured to cheries and small fruits, gardens above ground were badly injured. Heavy plantings have been made of sweet potatoes and potatoes in the commercial districts, with increased interest in cantaloupes and watermelons in the southeast.

General farming conditions are good. Earlier need of sub-soil moisture has been met by recent rains. Live stock are going on grass in good condition, with a large amount of forage carried over. Missouri farms need much repair upon buildings and other equipment neglected during and following the war.

GOFORTH WILL ATTEND FREIGHT CLAIM MEETING IN CRESTON

Burlington Has Been Conducting Vigorous Campaign To Eliminate Such Losses.

W. E. Goforth, agent for the Burlington will go to Creston tomorrow morning to attend a railroad meeting, which will be held in the Superintendent's office at 2:30 p. m. The object of the meeting is a conference of all classes of railroad employes to devise ways and means whereby damaged and lost freight claims can be brought to a minimum, if not entirely eliminated.

The Burlington has been conducting a vigorous campaign for many months with a view to eleminating freight claims, and have made an enviable showing along this line.

Mr. Goforth has been asked to prepare a paper "On the Present Claim situation as compared with previous years."

It is astonishing to the ordinary person the amount paid out by the Railroad Companies each year for loss and damaged freight, millions of dollars for which the Railroad companies get nothing in return, but a dissatisfied customer.

The shipping public can do much toward lessening this terrific loss by co-operating more closely with the Railroads in using good substantial containers, good and plain marking "and packing," of their freight, deliver to the Railroad Companies in ample time to be properly receipted for, and by doing that, it will stand a better show of being properly loaded and stowed in good order.

Last year the Burlington had 5,000 shipments on hand without any marks and therefore could not be delivered to their rightful owners.

This clearly shows the importance of people properly marking your freight to insure its reaching its proper destination without loss, or delay.
